OBJECTIVE & ENRICHMENTS

The given academic planner is a school docket designed to help students stay organized, track projects, and exams, follow class schedules, meet deadlines, take notes & more. It increases the students' accountability to the commitment planned as well as provides them with a structure that contributes to their success.

Notebooks Assessment: Handwriting and Notebooks maintenance reflects one's working habits and personality. Therefore, Subject wise notebooks assessment is carried out by subject teachers in each term and weightage is added to the terminal result. The various parameters for the evaluation include handwriting, index, work completion, work submission, follow up of remarks given and maintenance of notebooks.

Inspections: In order to inculcate good working habits among the students regular inspections are carried out by the school which include uniforms, bags, notebooks.

ASL(Assessment of Speaking and Listening): To enhance Linguistic skills among the students, assessment of speaking and listening skills is carried out by the subject teachers in each term in the form of quiz, extempore, debates, discussions, storytelling and presentation.

Teaching Methodologies For Practical Learning: To develop skills, knowledge and understanding level of the learners , school uses the different teaching methodologies in order to improve practical learning of all the students. Teachers use demonstration, role – play, field trips, group discussions, audio - visual aids etc. for the better outcome.

Olympiads: For Better academic exposure, students are given the opportunity to showcase their talent through various competitive exams like Olympiads.

Student Council & Investiture Ceremony: The Student Council helps share ideas, interests & concern with teachers & school principal. Realizing better sense of duty and honour and to develop leadership qualities. Students are encouraged to be the part of it and allocated with the duties in investiture ceremony. Students are selected for junior and senior cabinet depending upon their calibre and other qualities to take care of the discipline and other academic possibilities.

Activity Oriented Curriculum:

- 1. Scholastic and Co- Scholastic Activities:** To supplement the academic curriculum and help in learning by doing school conducts co-curricular activities along with scholastic on regular basis in order to develop problem solving , reasoning and other collaborative abilities.
- 2. Inter-School Activities:** To teach team work and to enhance social and emotional learning, SDHPS gives opportunity to the students to participate in various inter-school activities. Through these activities students get a platform to showcase their hidden strength and skills.
- 3. Spatial Perception Skills (SPS):** Spatial Skills are high order skills such as problem solving, creative thinking & reasoning which support the students to perform well academically and in day-to-day life as well.
- 4. Subject Enrichment Activities:** To enhance students' understanding and application of concepts beyond the regular curriculum, Subject Enrichment Activities are conducted as an integral part of the academic program. These activities focus on skill development and practical learning, ensuring a deeper grasp of subject-specific knowledge.

Objectives of Subject Enrichment Activities

- Reinforce classroom learning through hands-on experiences
- Foster creativity, critical thinking, and problem-solving skills
- Enhance linguistic, mathematical, scientific, and artistic abilities
- Encourage interactive and experiential learning
